

Blue Ocean Restaurant Fundraising Evening

Everyone loves a good curry and to support a local good cause, so the idea of a fundraising evening in an Indian Restaurant ticks all the right boxes, and that is exactly what the team at the Blue Ocean in Denton arranged.

Back in August, The Blue Ocean hosting an evening where 50% of all food sales would be donated to the Hospice, and as the restaurant is very popular in the area we went along to see what all the fuss was about. The food was outstanding and the staff were excellent, and for a Wednesday night they were booked up too!

The evening generated a fantastic donation of £500 for Dr Kershaw's Hospice, which we are extremely grateful for. Their giant cheque has also taken pride of place on the wall and their committed to raising more.

We look forward to working with the restaurant again very soon!
