

Corporate support

**A group of colleagues from RSM UK recently came along to the Hospice to give us a hand with painting our fence and a spot of litter picking.**

The team of 15 people came along for the afternoon on Friday 12<sup>th</sup> May dressed ready to paint our fence. The team had also raised enough money to pay for the materials needed to complete the task. They managed to raise an amazing £279.54 which more than covered the materials needed to spruce up our front fence.

The team were here for just four hours and did a fantastic job and even managed to do a second coat of paint, they were not put off by the bad weather either. Once completed the sun even came out in time for us to take a picture of their amazing work.

A huge thank you to everyone involved from RSM UK and for raising funds to complete the work, we really appreciate the support.
